Life-Seal®

Combining polyurethane and Silicone, Life-Seal® provides the best of both worlds. It is fast skinning (10 minutes) and fast curing (24 hours). It will remain flexible for years and years, and will not harden like basic Polyurethanes. It has been designed as the ideal sealant for fiberglass boats and can be used above or below the waterline. For wooden boats we recommend Life-Calk® Polysulfide sealant.

Go clean into the future.

Multi-Season, Dual Biocide, Water Based Ablative
The best just got better with added slime resistance! Hydrocoat SR uses innovative technology to replace the harsh solvents found in most bottom paints with water, providing an easier application and clean up, with low VOC's and no heavy solvent smell. Hydrocoat SR's self-polishing surface wears away with use, exposing fresh biocides, while eliminating the need for sanding and paint film build up. Hydrocoat SR holds up to trailering, beaching, and launching. Its unique formula allows unlimited dry time to launch, so you can paint in the fall or winter.
