GUEST Guest On-Board Battery Chargers

Designed to maximize individual battery performance, extend battery life and show battery status better than ever before. Every Guest charger has a dedicated output that delivers the full amount of amps per bank. The easy to read graphics indicates the status of each battery bank through the charging process. 100% waterproof performance to IP67.

- All high frequency, digital charging technology
- Microprocessor and software control for precision, fully automatic 5-stage performance charging
- Dedicated battery charging, sensing and control per bank
- Individual battery sensing and control
- Wiring and battery fault detection
- Auto-maintain energy saver mode
- For all 12 volt flooded and AGM lead acid batteries
- Built-in safety: reverse polarity, over-current, over-voltage, over-temperature and ignition protection. In-line fuses for maximum DC wire protection.
- 2 year warranty

ENGINE AND STEERING

HYDRAULIC STEERING KITS

Hydraulic Steering Kit

Allows you all of the safety, reliability and comfort of hydraulic steering on 150HP (Total) outboard powered boats. Kits come complete with everything needed for an installation. The cylinder utilizes the factory outboard engine supplied drag link for simplified installation. For your convenience two lengths of 20' cut to fit tubing are supplied. Includes: helm pump, cylinder, tubing kit, 2 bottles of hydraulic steering fluid, and filler kit.

No. TEL HK4200A3

\$713⁹⁹

Hydraulic Steering System

The most popular outboard hydraulic steering system in the world, offering smooth, super-efficient No Feedback Steering designed for today's high performance hulls with single or multiple outboards up to 600 H.P. combined. The #1 system available today for center console, cruisers and more. The choice of leading OEM's.

- Complete with bleeder kit and detailed instructions
- Helm, cylinder and oil, all in one kit
- Easy steering, easy to install
- Order wheel and hoses separately
