MOB+™ Wireless Kill Switch

NEW

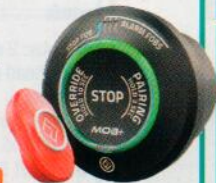

The system consists of an easy to install xHUB™ mounted in your boat and a wearable xFOB™. The two communicate wirelessly with each other. MOB+ Wireless Kill Switch offer a range of wearable options for you to be most comfortable using the system. The xFOB has more than 300 hours of battery life, and is powered by an easy to change standard coin cell battery. The xHUB connects to your boats power system (12V-24V) and to your engine stopping system. Intuitive and easy to use via a one-click user interface. Just click the xFOB once when you enter your boat and you are ready to go!

MOB+™ Basepack

MOB+™ Basepack is our base option to get started. In the Basepack you get all you need to start using MOB+ Wireless Kill Switch. The Basepack consists of the xHUB™, xFOB™, Cables, Antenna, Cable Splices, User Manual and a CR2032 Battery for the xFOB.

No. FMI 72380206

\$199⁹⁹

MOB+™ xFOB™

Everyone using the boat can have their personal wireless kill switch. The xHUB remembers up to 20 xFOBs, just pair more units and anyone using the boat can enjoy the freedom onboard. Only one connection is allowed at one time, preferably the driver. Combine the xFOB with either the xTAG™ or a xBAND™

No. FMI 72380209

\$39⁹⁹

MOB+™ xBAND™

Choose your personal color for your xBAND. The xBAND is in some cases available in color and brand from your boat and engine manufacturer.

No. FMI 72380301 - Red

No. FMI 72380302 - Black

No. FMI 72380304 - Yellow

\$19⁹⁹

MOB+™ xTAG™

With the xTAG you can choose to wear the xFOB around your neck, clip it on your life jacket or belt. The xTAG can also be placed on pets or small children.

No. FMI 72380307

\$24⁹⁹

LIFE LINE™ Rescue Throw Bag

You'll be astonished how easy it is to throw this 50 ft. rescue line with incredible accuracy to a swimmer in trouble. Keep LIFE LINE accessible by hanging it from a boat rail or other convenient spot with the integrated strap with side release buckle. Easy to understand and implement directions with graphics are printed on the outside.

Constructed of rugged bright orange, UV-resistant 600-denier polyester.

No. KWK LL1

LEWMAR

DTX® Stainless Steel Anchor

Made from 316 stainless steel, the DTX® anchors feature exceptional anti-corrosion performance and the enhanced aesthetics. Utilizing lead ballast encapsulated within the tip of the anchor to achieve the perfect center of gravity, the DTX® offers the initial bite and holding reliability that users of our Delta™ anchors have come to expect. Every DTX® anchor is warranted for 3 years against breakage.

PERKO® "Reduced Glare" All-Round Replacement Poles

Glare from standard lights can reduce night vision of the operator and impair his or her ability to see approaching vessels, obstructions and navigational aids. PERKO's "Reduced Glare" design focuses the beam of light above the operators line of sight, thus limiting glare and improving overall night vision.

LED Interior Dome Lights

These LED interior dome lights offers the convenience of warm white and red LED's in a look to complement most interiors. Warm white LED's provide a more natural color setting especially in living spaces and closely resembles incandescent light. Switch over to the red LED's for night vision in cockpits or steering stations.

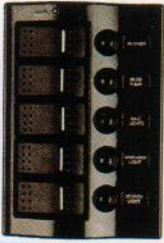

- Three position rocker switch - white/off/red
- 21 warm white & 9 red LED's
- Dimensions: 5-1/2" round

NOCO Pocket Sized Lithium Jump Starters

Pocket Sized Lithium Jump Starters

Safely jump start a dead battery in seconds. These compact lithium jump starters accommodate a wide range of engines, from boats to ATVs to motorcycles to full-size cars and trucks. Advanced NOCO smart technology uses mistake-proof Powersports clamps to assure smooth, safe startups with no sparks, generates more starting power, and lasts longer than standard lead-acid jump starters.

- Safely jump starts dead 12V batteries
- Use for boats, ATVs, motorcycles, cars, and trucks
- Mistake-proof Powersports clamps prevent sparks
- USB in/out ports for recharging smart devices
- Dual LED flashlight function
